Knowledge for good.

At Virginia Tech, you'll develop the know-how and collaborative skills the real world demands. Choosing from more than 100 majors and a great variety of minors and concentrations, you can be anything but typical, working across disciplines and blending your interests.

Here's how you design your own experience at Virginia Tech:

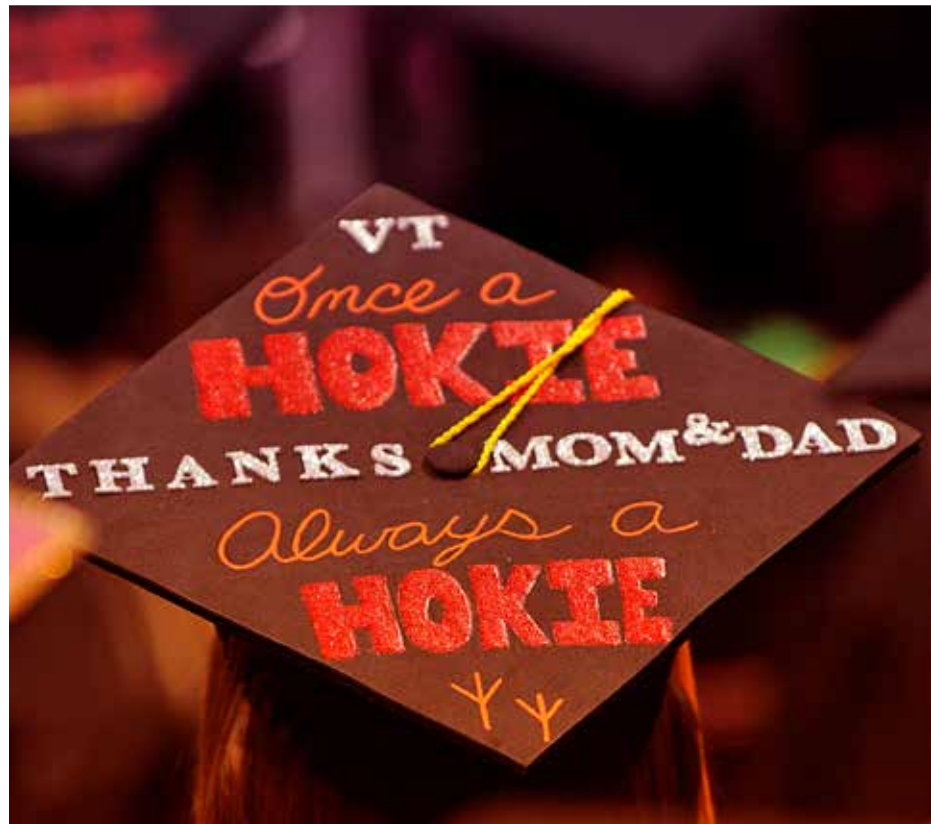

- Select your major, and dive deep!
- Work with diverse partners across disciplines to solve big, real-world problems.
- Apply your knowledge in the real world through experiential learning, education abroad, undergraduate research, the Corps of Cadets, co-ops, internships, and so much more.
- Create a world of good with your expertise, and watch our motto — *Ut Prosim* (That I May Serve) — come alive.
