**Advising Programs:** Students interested in pre-professional preparation in areas such as medicine, dentistry, physical therapy, pharmacy, veterinary medicine, and law, may choose any major in any college, and may arrange to work with the appropriate pre-professional advisor to prepare for application and admission to the professional school of their choice.

1 Applications accepted from incoming freshmen only; transfers may not choose these majors.  
2 A maximum of 28 credits from the Agricultural Technology program can be applied toward a four-year degree in the College of Agriculture and Life Sciences.

3 Restricted major—one for which demand far exceeds available space. Freshman students applying to these majors will automatically be considered for their 2nd choice major.  
4 Students are admitted in fall semester only.

5 Portfolio review required for entry at end of freshman year.  
6 The majors in orange text are not available as a second-choice major.
